NO DIGITAL ID REMEDY

THE NO DIGITAL ID DEFENCE EBOOK

**Republic of Old Souls – Freedom
for the Living Man and Woman**

IAIN CLIFFORD

The President of the
Republic of Old Souls.

THE DIGITAL PRISON OF CONTROL

Citizens are being forced into a new digital cage. The Crown system demands that every man and woman register in its **Digital ID scheme**.

- Without Digital ID, you will not be able to bank.
- Without Digital ID, you may not access healthcare or benefits.
- Without Digital ID, you cannot travel, trade, or transact.

The game is rigged so that the citizen has no choice. The Crown claims ownership of your identity — and uses it as the entry point into total surveillance.

But you are not a citizen. You are a living man or woman.

THE SECURITISATION OF THE BIRTH CERTIFICATE

From the moment of birth, a bond was created in your name.

The birth certificate was securitised and traded.

This “legal person” — a corporate fiction — is what the government regulates.

All debts, taxes, and now the Digital ID system attach to this artificial estate.

By assuming you are this corporate fiction, the Crown presumes it has the right to compel you into Digital ID registration.

Understanding this deception is the first step to breaking free.

THE CHURCH ENVOY PROTOCOL – YOUR REMEDY

The Republic of Old Souls provides the shield against Digital ID through its Envoy Protocol.

Become a Church Envoy: Declare yourself as a living man or woman under ecclesiastical jurisdiction.

Serve Notice on the Crown: Establish your exemption from Digital ID requirements.

Stand in Higher Authority: As a Church Envoy, you operate under protections of religious freedom, private association, and human rights.

Envoys are not subject to Crown-mandated identity systems.

THE GREAT ESCAPE PROTOCOLS

Once you step into standing as a Church Envoy, the doors open to deeper remedies.

Mortgage Liberation Protocol

- Discharge mortgages under trust law and the Bills of Exchange Act 1882.
- Free your home from bank enslavement.

Infinite Money Protocol

- Recoup abandoned credit created in your name.
- Recover payments made to banks and recycle them annually.

Asset Shelter Protocol

- Place your assets in ecclesiastical trusts.
- Shield them from seizure, taxation, and surveillance.

Mortgage Redemption Protocol

- Reclaim the face value of your mortgage.
- End debt slavery once and for all.

TWO CITIZENS, TWO FUTURES

Compliant Paul

Paul accepts the Digital ID.

- Every transaction is tracked.
- His bank can freeze his account.
- He is fined or excluded if he refuses a government order.
- His debts keep him enslaved.

Envoy Iain

Iain rejects the Digital ID and becomes a Church Envoy.

- He serves notice to the Crown.
- He shelters his assets and liberates her mortgage.
- He recoups abandoned credit.
- He lives free as a living man, beyond state control.
